September 2003

To Whom This May Concern,

We had the pleasure of purchasing a playground from *Mark Suttle* and his Agency this year and would highly recommend him to any School, PAC or organization looking into playground equipment.

We interviewed and received proposals from two other companies, but were most impressed with Mark's customer service and playground design and Gametime's equipment. We wanted a structure that would be challenging, unique and that would compliment the forests and surroundings that we are lucky to have. The kids love the Volcano (climbing wall) and Rock slide (8 foot spiral). The megarock, DNA climber and sky wheels are also extremely well used everyday. We really felt that Mark listened to our requests and concerns and gave us a playground full of great components that well suited the needs of our kids.

A huge amount of time and effort was spent raising the \$60,000 needed, so we naturally wanted to spend our School's money as wisely as possible. We have had tons of positive feedback from parents, children and staff, so we feel we can say everyone is very happy with our Gametime Playground.

We are now in the process of fundraising to add a smaller playground to another area of our School and look forward to dealing with Mark again.

Sincerely,

WZ: 

Midori Walter and Vivian Tsui
